Welcome to World Equestrian Center – Ocala for the Longines FEI Jumping World Cup™ Ocala. We are honored to host you for another exhilarating week of world-class equestrian sport.

As you take in the competition, we invite you to experience the many offerings across our grounds. This season brought the debut of The Equestrian Manor and its four new restaurants — The Polo Pony, Genievieve's, The White Willow, and a second location of the beloved Emma's Patisserie — expanding the culinary landscape our guests can enjoy alongside our established dining, shopping, and lodging options.

Hosting this Longines FEI Jumping World Cup™ qualifier is a privilege, and we look forward to celebrating the standout performances and memorable moments of the week.

We hope your visit to World Equestrian Center – Ocala is an exceptional experience in every way.

The Roberts Family

Foreword by the FEI President

On behalf of the Fédération Equestre Internationale, welcome to Ocala for another leg of the highly anticipated Longines FEI Jumping World Cup™ North American League 2025/2026 here in. As this new season unfolds, we will see some of the world's best sport horses and athletes showcase their talent as they chase precious FEI World Cup™ points, aiming for the Final taking place from 08-12 April 2026, in Fort Worth TX (USA).

Thirteen leagues, including the North American League, make up the highly successful and global FEI World Cup™ Jumping series which has been in existence since 1978. The format of the FEI World Cup™ series guarantees edge of your seat competitions while displaying the fantastic bond between horses and people; the trust, the communication, the hard work and the patience required. It is this bond which enables impressive feats of athleticism to be achieved and the core around which the whole FEI community revolves.

This year, seven qualifiers will once again take us to different regions of the United States as well as Canada and Mexico, and at each event we will be guaranteed to experience top-level sport as athletes and their horses brave courses of highest standards, set up by some of the best course designers in the world.

This new season will once again be filled with fantastic sporting moments, and I would like to thank Longines most sincerely for their vital contribution, which ensures quality competition and management throughout the series. Together, we are advancing the legacy of this tremendous series whose appeal continues to grow and stretch into new territories attracting many new fans along the way.

I would also like to take this opportunity to thank the Organising Committee, the volunteers and partners for their vision and efforts at enabling this event and acting as a motor for international equestrian sport in the region. Your enthusiasm and expertise enable our sport to truly thrive.

I wish all athletes and their invaluable support teams the very best of luck! And to the fans, I hope you enjoy every minute our sport has to offer!

LONGINES PRIMALUNA

**The Official Watch of the Longines FEI
Jumping World Cup™ North American
League in Ocala**

At the 2026 Longines FEI Jumping World Cup™ North American League in Ocala, the Swiss watch brand Longines is proud to present a model from the redesigned PrimaLuna collection. With its blend of classic Roman numerals, lustrous dials, and meticulously crafted details, this newly reimagined collection speaks to those who understand that true luxury comes from the confidence of impeccable craftsmanship.

For more than a century, Longines has embodied an intuitive expression of feminine elegance, creating timepieces that celebrate the sophistication and flair of women everywhere. From the gem-set creations of the early 1900s to the complications that grace many of the brand's timepieces today, this expertise has established Longines as an authority in feminine watchmaking.

The visual transformation of the PrimaLuna begins with its redefined 34 mm case, where subtle domed

surfaces create a beautiful interplay of light and shadow, enhancing the timepiece's graceful silhouette. The crown itself becomes a poetic statement – its bubble-like form evokes the full moon, while delicate engravings of lunar crescents encircle its surface. Available in stainless steel, elegant bi-material combinations, or adorned with diamonds and sapphires, each case configuration preserves the collection's refined proportions while offering a distinct expression of luxury.

For the first time in PrimaLuna history, the automatic moonphase complication is joined by a practical date display, powered by Longines's exclusive L899.5 automatic calibre with silicon balance spring technology. This remarkable movement delivers an impressive 72-hour power reserve, ensuring consistent timekeeping even during extended periods away from the wrist.

The PrimaLuna line reveals its versatility through three stunning dial expressions: a silver sunray-finished dial, a white mother-of-pearl dial, and a celestial blue mother-of-pearl dial. The collection's elegance extends to every wearing option, with each timepiece available on either a stainless-steel bracelet or a premium alligator leather strap. Whether admired for its technical innovation or its aesthetic appeal, every configuration demonstrates how thoughtful design creates perfect harmony between tradition and contemporary sophistication.
