THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE: The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise. A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Mon-Repos 24, CH-1000, Lausanne 5, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English, French, Spanish, German and Arabic. The Code is also available on the FEI's website: www.horsesport.org.

VETERINARY EXAMINATIONS, INSPECTIONS & PASSPORT CONTROLS: These will be carried out in accordance with the Veterinary Regulations, Art. 1011 & the discipline rules, "General Regulations", 23rd Edition, Revision effective 20th April 2014, will apply: In accordance with Art. 139.1. Every horse entered for any competition at CNs or CIMs (see Appendix D) in a foreign country (see GR 141.2), and all horses entered for other CIs, CIOs, Championships, Regional and Olympic Games, whether at home or in foreign countries must have a valid official FEI Passport, or a National Passport approved by the FEI and accompanied by an FEI Recognition Card and, when applicable, an FEI registration number, as a means of identification and to establish ownership. In accordance with Art. 139.2. Horses taking part in CNs and CIMs (see Appendix D) in their country of residence are not required to have a passport as is mentioned in paragraph 1. All such horses must be properly registered and identifiable and, unless there is no national requirement for equine influenza vaccination in the host country and in the country of origin, all horses must have a valid vaccination certificate.

EQUINE INFLUENZA VACCINATION, (Vet Regs. ANNEX VII): All horses and ponies for which an FEI Passport or a National Passport approved by the FEI has been issued must have the vaccination section endorsed by a veterinarian stating that it has received two injections for primary vaccination against equine influenza, given between one and three months apart. In addition, a booster injection must be recorded as having been given within each succeeding 6 months, subsequent to the second injection of the primary vaccination. None of these injections must have been given within the preceding seven days including the day of the competition or of entry into the competition stables. The above are the minimum requirements for influenza vaccination. Both primary and first and subsequent booster injections should be given according to the manufacturer's instructions which will fall within the stipulation of the FEI ruling.

SAMPLING FOR PROHIBITED SUBSTANCES, (VET. REGS, CHAP. V & VI AND ANNEX IV): Regular sampling is carried out in CCIs (3*, 4*), CSIs (3*, 4*, 5*), CIOs, World Cup Qualifiers and Finals, Championships and Games, whereas at other CIs sampling is recommended. The number of horses tested is at the discretion of the Testing Veterinarian/Veterinary Delegate, however a minimum of three is recommended (Art. VR 1016). Special guidelines are applicable for events covered by the FEI Medication Control Programme (Group I & II only).

INSURANCE: All owners and competitors are personally responsible for damages to third persons caused by themselves, their employees, their agents or their horses. They are therefore strongly advised to take out third-party insurance providing full coverage for participation in equestrian events at home and abroad, and to keep the policy up to date.
